

Early Childhood Education Minor

Degree Type

Minor

Program Description

Students interested in working with young children in childcare centers or preschool environments will benefit from enrolling in the early childhood education minor. Students will gain understandings of early development and developmentally appropriate practices in addition to learning content required to work in childcare centers. Students who complete 1,000 hours working with children in a licensed childcare program can be qualified to work as lead teachers in early care environments in NH.

Required Courses

Recommended: Either [CHI 285](#) Internship or [CHI 485](#) Internship experience at Windy Hill
