

NUR 309 : Community and Public Health Nursing

This is a nonclinical course that introduces the concepts of population-centered health care in the community. The focus is on the community as the client and also as the context of care for individuals, families and aggregates. Topics include community and health care systems, nursing roles and functions in the community, vulnerable populations, public health and community health issues and epidemiology.

Credits 2

Prerequisite Courses

[NUR 222: Fundamentals of Nursing](#)
