

# WRT 487 : Capstone Experience

The Capstone Experience is an opportunity for seniors in the creative writing and literature program to complete a long-term project that they have begun during the fall semester. The project can be a media production, a rigorously revised collection of creative work, a research study or a service-learning project for a campus or nonprofit organization. Students will give a short presentation of their project and a brief overview of their critical work on Scholars' Day.
