

Performing Arts Minor

Degree Type

Minor

The performing arts minor combines the many aspects of performance study available at Colby-Sawyer College: acting, dance, music and theater tech. The one specific required course — Stagecraft — gives all performing arts students a common groundwork in performance production and complementary electives allow those with varying levels of personal and professional interest in the performing arts to prepare for a range of careers outside of, peripheral to or within the performing arts industry. This customizable 20-credit minor allows students to learn the basics of performing arts and delve deeper into their area(s) of interest. Students are able to build their own experiences within the minor.

Required Courses:

*Please note that half of the elective minor credits (i.e. 8 of 16) must be at the 300- or 400-level.
